BOSTON, November 4.

The following items were copied from...  
a file of late Gibraltar papers.

The Consuls, and others who were at...  
Algiers, gave it as their opinion, that a...  
another hour's firing would have levelled...  
the city with the ground—and the officers...  
who landed after the action so far con...  
curred in this opinion, that they thought...  
the upper part, at least, of the houses...  
would in that time have been brought...  
down by the fire.

Nothing could exceed the firmness of...  
Mr. McDonnell, the British Consul; and...  
the enemy who threw him into confinement...  
tried his true British stamina by...  
all sorts of threats and insults but in...  
vain. The room in his house, in which...  
he was to have slept, was so perforated...  
that he would not have been safe in any...  
part of it.

The Dey's palace suffered greatly, and...  
there was scarcely a house in the town...  
that did not receive injury. It was ge...  
nerally believed and asserted on shore...  
that the first broadside from the Queen...  
Charlotte, killed not less than 400 men...  
a great number having collected on the...  
beach opposite to her, and who neglect...  
ed to get out of the way when a signal...  
was made to do so.

The Impregnable was dreadfully ex...  
posed to the fire of a battery upon the...  
hill side, and also suffered greatly by...  
the explosion of a shell on board of her...  
which communicated to some loose pow...  
der. She is said to have lost between 60...  
and 70 men by this accident.

It is computed, that 700 pieces of or...  
dnance were brought into action by the...  
Algerines alone, to the fire of which the...  
ships were exposed for more than nine...  
hours. Lord Exmouth's coat was liter...  
ally torn from his back by splinters.

British tars during the action. One...  
sailor for want of a waif for his gun...  
thrust in his jacket, but forgot to take...  
out his tobacco box and jack-knife; and...  
said, when the fire from the ships...  
became general, it would raise the price...  
of mason's work, &c.]

The British fleet anchored in Gibralt...  
lar Bay Sept. 12; and, notwithstanding...  
the Impregnable was to take in a new...

alled, and in every respect prepared fo...

Her catholic majesty and sister, left...

Xeres, through the Isle of Leone and port...  
St. Mary's. The municipal body took...  
leave of her majesty at St. Ferdinand's...

them in the following terms: "I depart...  
full of gratitude for the demonstrations...  
of regard given me by the whole popula...

love me." Expressions of joy accompa...

to Xeres, as this city seems to have ex...

been the objects; but some unfortunate...  
accident having taken place, in conse...  
quence of the people's undertaking to...  
draw her majesty's coach, after taking...  
out the mules, a proclamation was issued...  
forbidding this practice for the future...  
On the 12th the royal pair proceeded on...  
their journey towards Utram.

Minute of a conversation between the...  
Dey of Algiers and captain Brisbane, of...  
his Majesty's ship Queen Charlotte, held...  
on the 29th of August, by order of Admi...  
ral Lord Exmouth:

"I acquainted the Dey that Lord Ex...  
mouth expected that he would give a...  
disatisfaction for the affront done to the...  
British Consul, the ill treatment he had me...  
with, and the insult redounding from...  
to the British Nation. The Dey answer...  
ed that he was ready so to do; and ask...  
ed what I wanted?

"I then replied, are you sorry for the...  
violent measures which, in a fit of pas...  
sion, you adopted towards the British...  
Consul; and do you ask pardon for the...  
same? Yes answered the Dey.

"I then insisted upon the Dey's ad...  
dressing himself in person to the Consul...  
and then repeating before his ministers...  
what he had just said.

Communicated for the U. S. Gazette

Extract of a letter from New Orleans...  
dated the 21st of October.

We have just received the following...  
intelligence of the total destruction of the...  
formidable Carthaginian squadron of pri...  
vateers commanded by Aury, who had...  
formed an establishment amongst the...  
rocks of Matagorda. It was communi...  
cated to us by a person who was on...  
board the fleet and witnessed the whole...  
scene.

Our informant states that he sailed...  
from this port for the Havana in the...  
Spanish ship Felix, and off Mantanzas...  
was captured by a Carthaginian priva...  
teer and carried to the Tourtigillas, the...  
rendezvous of these privateers and their...  
prizes. That in the space of eleven days...  
six privateers arrived there with their...  
prizes, consisting of seven Spanish ves...  
sels, and a Dutch schooner that was...  
bound from Providence to the Havana...  
That they set sail with their prizes for...  
Matagorda, and despatched one of their...  
schooners, the Belona, to Barataria to...  
land her lieutenant, who was to proceed...  
to New Orleans to give information to...  
the merchants that the prizes were on...  
the way to Matagorda, and at the same...  
time to get money to pay the men that...  
had been recruited, the Belona sailed...  
afterwards for Matagorda, but having...  
missed the port, fell in with a piratical...  
schooner called the Petit Napoleon, that...  
sailed without any kind of papers, com...  
manded by a Frenchman called Francoise...  
He offered to pilot the Belona to Ma...  
tagorda, and succeeded in getting her in...  
to port after great difficulty, as she touch...  
ed on the reef and was so much damag...  
ed as to become quite useless. Five days...  
afterwards the convoy of prizes made its...  
appearance, and on attempting to get...  
in they were all lost excepting two. That...  
in order to save the articles that...  
had floated ashore, Aury made the crew...  
and the prisoners work in the most cruel...  
and inhuman manner, that the const...  
ant bad treatment which he gave them...  
added to his having deceived them, for...  
when they enlisted at Santo Domingo he...  
told them they were bound on a cruise;...  
that the prizes were to be sent to New...  
Orleans, at which place they would re...  
ceive prize money, this had exasperated...  
them to such a degree, that they resolv...  
ed to melny, and they carried their plan...  
into execution on the night of the 7th of...  
September, in the following manner.

The crew of the privateer Criolla, con...  
sisting of about 80 negroes, commanded...  
by capt. Bellegarde, commenced by ty...  
ing down their officers. The captain of...  
the Belona hearing the noise, sent an...  
officer in a boat to the Criolla. On ap...  
proaching her the negroes hailed him, &...  
inquired if he intended coming on board...  
and answering in the affirmative they...  
ordered him to retire, but persisting in...  
his intention they fired a gun at him load...  
ed with Grape shot which killed every sou...  
in the boat. The mutiny then becam...  
general in all the other vessels, and the...  
negroes on shore who garrisoned a fort...  
which Aury had constructed to defend...  
the port, being already prepared, as soon

as they heard the fire from the Criolla...  
proceeded to Aury's tent and summoned...  
him to surrender, he disregarded their...  
threats, and in the act of drawing his...  
sword was shot through the body by one...  
of the negroes, and fell mortally wound...  
ed, they then secured all the officers of...  
the privateers and gave them a vessel to go...  
where they chose—they collected the...  
arms and ammunition, and all the effects...  
that were in possession of Aury, and...  
shipped them on board three schooners...  
and were to proceed with their booty to...  
St. Domingo. The schooner Belona was...  
burnt.

Our informant and several other pri...  
soners made their escape in a boat and...  
landed at Matritia and after many...  
difficulties arrived in this city.

## SULLY FOR SALE.

THIS estate, situated in the county of Fairfax, twenty-two miles from Alexandria and the same distance from Georgetown, contains about seven hundred and fifty acres. Little River Turnpike passes through it half a mile from the dwelling house. The situation is handsome, and remarkably healthy; the water is good and abundant. The soil which was originally excellent, has for some years past had the advantage of improving husbandry, Plaster of Paris acting with powerful and immediate effect on all grasses and grains. The fields present a good surface for cultivation; and those, now untilled, are covered with red clover. The orchards are very large and thrifty; the collection of table fruit is choice and various. The mansion is spacious and well constructed; the out-houses are all conveniently situated; those for farming purposes are expensive, and excellent in their kind.

For a gentleman of leisure this would be a delightful residence; and a profitable estate to an active farmer. The title is indisputable, and perfectly unincumbered.

A number of well taught orderly young men, with good stocks and farming utensils of all kinds, and the crops of the present year if desired, will be at the command of the purchaser.

Application may be made to the subscriber, living on the premises, next the post office at Pleasant Valley, in Fairfax.
